Dear Danny:

I have not written sooner, as I wanted to enclose the contracts when I did write, and I just got them.

I am very glad you are going to stay and play with us, and I do hope we will have the winning team. I can't see why we should not win with the men we have available. You and Wells have both promised to stay, and Pearson, Davis, Stone, Harvey, Hill, Hooker and Hochgood are all 4F, and Watkins is 3A with a big family. We are not set yet in catching, but Mackey will come back if we want him to. Of course we will have some Rookies but I think we have enough power and veterans to have a really good club.

Return me both contracts signed, and I will send you back your signed. How much money are you going to want, and when do you want it. We plan to go to camp the last week in March, or the first in April.

Please return the contracts to me right away. I hope your family is well, and they like it in Buffalo.

Very Truly Yours
